I'd love to see the script and the safe school module checklist. Being there for the filming is ok, does she want us to be part of the film ? We'd have to check it out with our communications folks? 7/20 looks good right now. I usually have grand jury duty on Wednesday but not all Wednesdays and I can miss on occasion. Do we know how long the filming would be, what she'd want us to do or say?

Thanks for letting me know. I got an interesting invite from Howard County schools that I wanted to share with you. Olivia Claus, the Director of Facilities in Howard County spoke to me today. They want to align their efforts with Tools for Schools and are training teachers in the District to assess their classrooms using a "Safe School Module Checklist" (based on the TfS model) . On July 20 Olivia is making a film for the teacher training. She is asking us if we want to review the script and be present for the filming? Are you available that day?

She is just down 95. Let me know!
